ARAM

Technical characteristics

The **ARAM** (Armoured Ambulance) is a **heavily protected mobile** 4x4 ambulance that is **reliable, modular and easily accessible, with extended driving capabilities.**

Its **STANAG-certified** armoured structure ensures the protection of the personnel on board and the passengers.

This vehicle is designed to transport a 4-person **medical team** and 4 injured personnels. The **ARAM** is equipped with all the necessary medical equipment to provide first aid.

The **ARAM** has extended capabilities with a GVWR of 13 tons, 160 l of fuel, 4WD with a 6-gear automatic gearbox and a 160 kW (218 hp) engine. It reaches 90 km/h at steady speed.
