The APCL (Armoured Personal Carrier Light) has a STANAG-certified **armoured structure** ensuring the **safe movement and comfort** of 8 people.

The vehicle is designed to be equipped with **mission systems controlled** from inside the vehicle.

It has a GVWR of 12 tons and permanent all-wheel drive.

Its 6-cylinder engine delivers torque of 970 Nm and generates 210 kW (285 hp) for a steady speed of 110 km/h.

Its independent suspension **provides greater comfort, better traction, improved safety and stability both on- and off-road at low or high speed.**

It can also be given a rear steering axle to optimise road handling and facilitate low-speed **manoeuvrability**, particularly in entangled or unstructured spaces.

Protection: up to level 3

Engine: 210 kW (285 hp)

Gearbox: Automatic

GVWR: 12 t

Maximum speed: 110 km/h

Range: 600 km

Turning radius: 6.5 m

Crew: 8 people
