RPZ 5000

Airliftable trailer for fast boarding

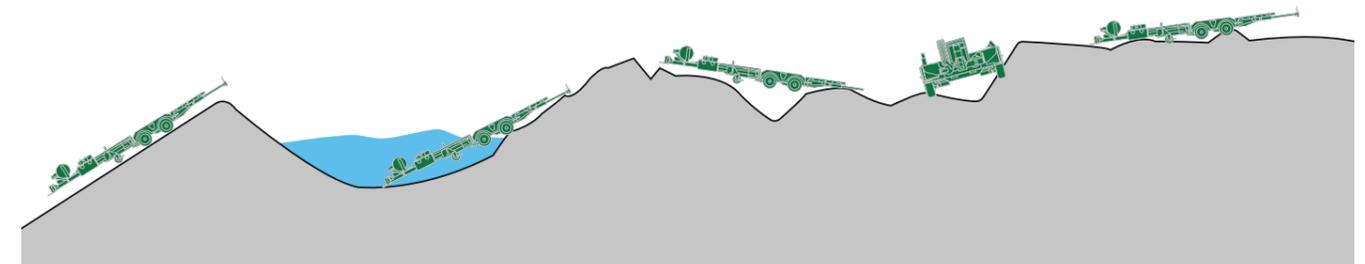

DEFENCE

EN

RPZ 5000

Technical characteristics

Slope Fording Trench Side slope Step

The airliftable trailer for fast boarding (RPZ 5000) is a **dirt track trailer** used to transport semi-rigid type boats by road, rail, sea or air.

Equipped with disk brakes with EBS, it transports the vessel in complete safety.

A manual winch is used for launching and recovery.

To fulfil its numerous missions, the RPZ 5000 trailer is **optimised to negotiate obstacles** thanks to its individual wheel adjustable pneumatic suspension and several coupling heights.

Payload: 5 000 kg

GVWR : 8.5 t

This trailer is also used as a storage cradle with its pair of jockey wheels and landing legs.
